<h4 class=""vc_build_feature_name"">Safety and Security</h4><ul class=""vc_build_feature_item_list""> Forward collision mitigation - Forward thinking. You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Forward collision mitigation - Forward thinking. You look away for just a second and suddenly the vehicle in front of you has stopped. That's when the forward collision mitigation system comes to life. When it senses an impending impact, it will activate a combination of features to help prevent or reduce the severity of an accident. Forward collision mitigation is always looking ahead. Pedestrian impact prevention - An extra step toward safety. Pedestrians don't always stop, look, and listen, but with Pedestrian Impact Prevention, your vehicle is equipped to better see them and avoid them. This system constantly monitors the road ahead to identify and track pedestrians. It projects that image to an interior display screen, AND should an impact become likely, Pedestrian impact prevention takes steps to avoid a collision.<h4 class=""vc_build_feature_name"">Technology and Telematics</h4><ul class=""vc_build_feature_item_list""> Apple CarPlay/Android Auto smart device wireless mirroring Wireless Apple CarPlay/Android Auto smart device wireless mirroring<h4 class=""vc_build_feature_name"">Safety and Security</h4><ul class=""vc_build_feature_item_list""> The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision.
