Safety and Security

- The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision.
- The vehicle constantly monitors the

roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian.

The vehicle is equipped with a camera that displays an image of the area behind the vehicle on an interior display.

The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending rear collision.

An active lane departure system alerts the driver of unintended movement of the vehicle out of a designated traffic lane and automatically maintains the vehicle's position within that lane.
