We look forward to earning your business and showing you why so many customers choose Mac Haik Toyota for their next vehicle purchase.

Desert Air Intake (\$725 value)

Convenience

This intelligent cruise control system uses laser or radar to maintain a preset following distance behind another vehicle, automatically braking or accelerating as required.

Safety and Security

The vehicle is equipped with a

system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision.

The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian.

The vehicle is equipped with a camera that displays an image of the area behind the vehicle on an interior display.

Brake assist senses panic braking from the speed of the brake pedal's travel and applies all available power brake boost.
