It also has deep American roots: The truck was designed and is made in America. Source: KBB.com * Toyota's full-size truck, the Tundra is a hard-core workhorse with an edgy, and exciting look that stands out from the competition. Dependent on trim, it is available in 3 sizes: Regular Cab, Double cab, and CrewMax and engine possibilities that include a 4.0L V6 with 270HP, a 4.6L i-FORCE V8 with 310HP, or the absolutely incredible 5.7L V8 with 381 HP and 401 lb.-ft. of torque. As an option on all models, you can get it with 4WDemand

part-time 4WD with electronically controlled transfer case, Automatic Limited-Slip Differential and Traction Control. For the exterior, it has a hood that is higher, a grille that is wider and with a different look for each of the 5 available trims. The Tundra's body has a much more aggressive look overall with strong chiseled angles, newly squared off fenders, and a restyled tailgate with a large embossed Tundra logo and an integrated spoiler. Bluetooth and a Backup camera now come standard on all models. The Base Model SR comes with the Entune audio system with a 6.1-inch touch-screen, a USB port, and cruise control. Step up to the SR5 trim and gain a 7-inch touch-screen, HD Radio, and a manual sliding window in the rear. In the Limited trim, enjoy power and heated leather front bucket seats, navigation and dual-zone climate control. The Platinum adds even more with LED daytime running lights, a power tilt/slide moonroof, Entune Premium JBL Audio with App Suite and Navigation, 20-inch alloy wheels, and parking assist sonar. The 1794 Edition, which is Western in theme, is in honor of the founding year of the Texas ranch where the factory that builds the Tundra now sits. Having many of the same features as the platinum, it uses ultra-suede accents, saddle brown leather, and wood-style trim. Source: The Manufacturer Summary * Strong V8 powertrains; large double cab with traditional rear doors; colossal CrewMax cab; unique off-road-themed TRD Pro model. Source: Edmunds
