Spray-On Bedliner (\$806 value)

Power Running Boards (\$1,350 value)

10-in. Color Head-Up Display (\$600 value)

Safety and Security

class="" vc_build_feature_item_list""=""> The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision. The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian. With this system the driver's hands must remain on the wheel at all times but can be removed briefly (for a few seconds), otherwise the vehicle will prompt the driver to put their hands back on the wheel. With this system the driver's hands must remain on the wheel at all times but can be removed briefly (for a few seconds), otherwise the vehicle will prompt the driver to put their hands back on the wheel.<h4 class="" vc_build_feature_name""="">Technology and Telematics</h4><ul class="" vc_build_feature_item_list""=""> Apple CarPlay/Android Auto smart device wireless mirroring
