For additional information, financing options, trade-in assistance, or to schedule your personal test drive, contact our team today at 346-358-1833. We look forward to earning your business and showing you why so many customers choose Mac Haik Toyota for their next vehicle purchase.

Safety and Security

The vehicle is equipped with forward sensors such as radar, laser, or cameras which can detect a possible collision in left hand turning situations. In left-turn situations the vehicle can warn the driver or automatically apply the brakes if it detects an oncoming vehicle.

The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the

pedestrian. The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian. With this system the driver's hands must remain on the wheel at all times but can be removed briefly (for a few seconds), otherwise the vehicle will prompt the driver to put their hands back on the wheel.

Technology and Telematics

Without the need for a manufacturer specific app to be installed on the smart device, the vehicle infotainment system can access and control functions of a smart device physically plugged-into the vehicle.

PANTHERA METAL, BLACK, SYNTEX SYNTHETIC LEATHER SEAT TRIM, CARPETED FLOOR MATS

At Mac Haik Toyota, we're here to Serve you! Our staff is 100% dedicated to customer satisfaction and we understand that you need clear, transparent information throughout the car buying process. With our live market pricing philosophy, we offer the right cars at the right price, and the transparency to back it up!
