<h4 class="">Safety and Security</h4><ul class="">The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants,

for an impending forward collision.

- The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian.
- With this system the driver's hands must remain on the wheel at all times but can be removed briefly (for a few seconds), otherwise the vehicle will prompt the driver to put their hands back on the wheel.
