We look forward to earning your business and showing you why so many customers choose Mac Haik Toyota for their next vehicle purchase.

Safety and Security

- The vehicle is equipped with a system that senses, and then prepares, the vehicle and/or occupants, for an impending forward collision.
- The vehicle constantly monitors the roadway in front of the vehicle and identifies and tracks pedestrians on an interior display. If the system determines a likely impact, it will automatically take preventative steps to avoid hitting the pedestrian.
- With this system the driver's hands must remain on the wheel at all

times but can be removed briefly (for a few seconds), otherwise the vehicle will prompt the driver to put their hands back on the wheel.

Technology and Telematics

Without the need for a manufacturer specific app to be installed on the smart device, the vehicle infotainment system can access and control functions of a smart device physically plugged-into the vehicle.

Wireless App-Connect (w/Apple CarPlay, Android Auto & MirrorLink) smart device wireless mirroring

At Mac Haik Toyota, we're here to **Serve you!** Our staff is 100% dedicated to customer satisfaction and we understand that you need clear, transparent information throughout the car buying process. With our live market pricing philosophy, we offer the right cars at the right price, and the transparency to back it up!
